

## Driving Directions to the UTC Advanced Vehicle Test Facility

The physical address is 4605 Amnicola Highway; however, the site is accessed from the Tennessee Riverpark Access Road which is a left turn off Amnicola right before Hwy 153 if you're coming from downtown. A good landmark for the turn is the concrete traffic island that has green material on the surface of it. Once you turn off Amnicola, the entrance road to the track is about 1/3-mile on the left where there is now an "Advanced Vehicle Test Facility" sign.

If you are coming from Knoxville, take 153 North to Amnicola Highway. After getting on Amnicola, take the first exit on the right which will be the access road to the AVTF. Look for the green surface on the median in the concrete traffic island on the access road. Once on the access road, the AVTF is about 1/3 mile on the left. Look for the AVTF ( Advanced Vehicle Test Facility) sign.
